A dangerous, hallucinatory, ancient Africa, which becomes a fantasy world as well-realized as anything Tolkien made, with language as powerful as Angela Carter's. I cannot wait for the next installment' Neil Gaiman, author of American Gods In this stunning follow-up to his Man Booker-winning A Brief History of Seven Killings, Marlon James draws on myth, fantasy and history to imagine a wholly new world, in which a legendary Tracker is hired to find a missing child... Tracker is known far and wide for his skills as a hunter: "He has a nose," people say -- as well as the eye of a wolf. Engaged to find a mysterious boy who has disappeared three years before, Tracker breaks his own rule of always working alone when he finds himself part of a rag-tag group that comes together to search for the boy. Full of striking characters with secrets of their own, including a shape-shifting man-animal known as Leopard, a witch and the giant-sized Ogo, this unlikely band follow the lost boy's scent from one ancient city to another; into dense forests and across deep rivers, set upon by creatures intent on destroying them. As he struggles to survive, Tracker starts to wonder: Who, really, is this boy? Why has he been missing for so long? Why do so many people want to keep Tracker from finding him? And perhaps the most important questions of all: Who is telling

the truth, and who is lying? Drawing from African history and mythology and his own rich imagination, Marlon James has written a novel unlike anything that's come before it: a saga of breath-taking adventure that's also an ambitious and involving read. Defying categorization and full of unforgettable characters, Black Leopard, Red Wolf is both surprising and profound as it explores the fundamentals of truth, the limits of power, and our need to understand them both. Black Leopard, Red Wolf is the first novel in Marlon James's Dark Star Trilogy. What would it be like to have a true mate? What if that mate was a werewolf? Three best friends are about to find out. Little does she know that flame is actually a Canis Lupus, werewolf, and she just happens to be his mate, the other half of his soul. But Fane isn't the only wolf in town. Just as Fane and Jacque are getting to know each other, a rogue pack appears led by a crazed Alpha. Now, Fane will have to fight, not just for his life, but also for the right to claim Jacque as his own. Females among the Canis Lupus are precious. Their light

extinguishes the darkness found within the male werewolves. Fane will need all of Jacque's love if he has any chance to defeat his foe and earn the right to a life with Jacque by his side. Now she's back and I'm more determined than ever to make her mine. For good this time. Across the Middle (Book 2) From the moment I laid eyes on Gina Rodrigo, she twisted my whole world on its axis. For months I refused to give into the feelings she evoked in me. I'd gone down that road before and it led nowhere good. But one kiss changed everything

I'm only human after all, and she's hot. It shouldn't mean anything. So why can't I get her out of my damn head? Taking the Handoff (Book 4) I couldn't say no when my best friend asked for a favor. His little sister needed a safe place until she got her feet under her in LA, so of course I said yes. 'Fantasy adventure at its very best' Starburst 'Williams excels at eldritch world-building' Guardian 'An original new voice in heroic fantasy' Adrian Tchaikovsky The great city of Eboria once glittered with gold. Now its streets are stalked by wolves. Tormalin the Oathless has no taste for sitting around waiting to die while the realm of his storied ancestors falls to pieces - talk about a guilt trip. Better to be amongst the living, where there are taverns full of women and wine. When eccentric explorer, Lady Vincenza 'Vintage' de Grazon, offers him employment, he sees an easy way out. Even when they are joined by a fugitive witch with a tendency to set things on fire, the prospect of facing down monsters and retrieving ancient artefacts is preferable to the abomination he left behind. But not everyone is willing to let the Eboran empire collapse, and the adventurers are quickly drawn into a tangled conspiracy of magic and war. And each of those members has his or her own story to tell. The following is a collection of four stories of the Romanian Greys and their allies. Sacred Silence I thought nothing could be eviler than Desdemona, or Reyaz, or any other villain we've faced down.

I was wrong. I read all the books I could devour on the beauty of parenthood. I thought I was ready. But nothing could have prepared me for the hurricane of jacked-up emotional chaos otherwise known as post-partum hormones. ~Jen Resounding Silence Duty, sacrifice, service, and discipline. These were the characteristics that described Cyn, the warrior fae. Though love was out of her reach, she thought this life was all she needed. She had never been more wrong. A chance meeting with the Prince of the Elves turns her carefully structured world upside down. Piercing Silence It's been six months since Jacque Lupei was imprisoned in the dark forest with her female pack mates, wondering if they would ever see their mates again. Six months since she and Fane found out that Jen and Decebel would not be the only couple adding a new pup to the pack. Six months of peace and quiet...other than Jen running her mouth incessantly about Sally getting to go on an adventure with Peri while she has to miss all the fun. When she isn't complaining about that, she spends her time commenting on how Jacque's butt is getting wider by the minute. Jacque doesn't know it, but the reprieve was about to be over. Forgotten Silence Filthy. Disgusting. Unworthy trash. The same thoughts keep swirling in Sally's mind. She's broken and no one can fix her--not her friends, try as they might, and not her beautiful mate. She'd thought when Costin had rescued her from

Jericho's clutches, broken the spell the rogue werewolf had cast on her, and left the cur lying in bloody pieces on the floor of an Ocean Side bar, that one day she might find some peace. Perhaps, with time, she could forget the horrible things she'd done. Perhaps she could forget how she had betrayed her one true mate. Now, several weeks later, the memories and the nightmares have only grown stronger. The a Wolf Affair Trilogy is now under one cover! bloed... mensenbloed! A MASTERPIECE IN EPIC HISTORICAL FANTASY - A NEW VOICE TO RIVAL DAVID GEMMELL OR GEORGE RR MARTIN A great war has come to the land under the Northern Sky. Beyond the Black River, among the forests and mountains of the north, lives an ancient race of people. Their lives are measured in centuries, not decades; they revel in wilderness and resilience, and they scorn wealth and comfort. By contrast, those in the south live in the moment, their lives more fleeting. They crave wealth and power, their ambition is limitless, and their cunning unmatched. When the armies of the south flood across the Black River, the fragile peace between the two races is shattered. On a lightning-struck battlefield, the two sides will fight - for their people, for their land, for their very survival. Two sides. One victor. The Wolf is a thrilling, savagely visceral, politically nuanced and unexpectedly wry exploration of power and identity - and how far one will go to defend them. WHAT REVIEWERS ARE ALREADY SAYING ABOUT CAREW'S BREATHTAKING FANTASY EPIC: 'The next George RR Martin' - Mail on Sunday 'Imagine Game of Thrones rewritten by John le Carré . . . A marvellously accomplished debut' - Guardian 'Full of dark conspiracies, larger-than-life characters, and tense battles' - Paul Hoffman, author of The Left Hand of God "O'Rourke certainly knows how to deliver twists that the reader never

Strong, independent, and happy on her own, Hillary has grown from the naïve person she was four years ago after a brutal rape turned her into a werewolf. The normal life she's made for herself is only upset once a month when the moon calls to her and she has an uncontrollable urge to turn furry and chase small creatures. And she doesn't need a man for that. Until she finally meets another werewolf, this one a gorgeous, sexy guy who is determined to change her mind about one furry man in particular—him. No, some men are very, very good... The minute Zach scents Hillary he knows she's the mate he's been searching for. Though both the wolf and the man are itching to claim her, first he has to convince her that he's one of the good guys, and that there are certain benefits to being an alpha werewolf. And there's no better way of making Hillary see that, than giving her himself—body, mind, and soul. CHALLENGE ACCEPTED (Book 2) Since being turned into a werewolf, Adam has

And runs smack into trouble in the form of the werewolves' National President. Myra's term as President is nearly over, but she's determined to track down the wolf who was attacked, and turned against his will.
