I'm Saying No! Sep 26 2020 In spite of the #MeToo and #TimesUp movements, many women are still afraid to say no to unwanted sexual advances and reluctant to report sexual violations. Far too many college students are being raped and are afraid to report it. Women are subjected to sexual harassment, sexual bullying, and sexual pressure every day on the street, at work, and at home but are unable to speak truth to power or to report these sexual offenses. I'm Saying No! is written specifically for these women—women who are still afraid to speak up for themselves, women who need to learn how to do so, and women whose personal history of child sexual abuse or sexual assault as an adult has wounded them so much that they have lost their voice. Here, Beverly Engel—an internationally recognized psychotherapist and acclaimed advocate for victims of sexual, physical, and emotional abuse—offers a ground-breaking program to help all the women who have been silenced by past trauma, women who were raised to believe they didn't have a right to say no, and women who have spoken out in the past only to go unheard. Bold and timely, I'm Saying No! offers women the encouragement, support, and guidelines they need in order to become the powerful women they are—women who believe in themselves and stand up for themselves.

No Thanks Nov 28 2020 Through eight humorous essays, Keturah Kendrick chronicles her journey to freedom. She shares the stories of other women who have freed themselves from the narrow definition of what makes a "proper woman." Spotlighting the cultural bullying that dictates women must become mothers to the expectation that one's spiritual path follow the traditions of previous generations, Kendrick imagines a world where black women make life choices that center on their needs and desires. She also examines the rising trend of women choosing to remain single and explores how such a choice is the antithesis to the trope of the sorrowful black woman who cannot find a man to grant her the prize of legal partnership. A mixture of memoir and cultural critique, No Thanks uses wit and insight to paint a picture of the twenty-first-century black woman who has unchained herself from what she is supposed to be. A black woman who has given herself permission to be whomever she wants to be.

Just a California Girl Mar 01 2021 Who knew I'd meet the love of my life on a girls night in Las Vegas? Definitely not me. "Remember the moment we're together when I'm your world and nothing else exists. I've never had that with anybody else and I'm willing to bet you haven't either." Those heartfelt words that fell from his lips have taken residence in my head, crushing my soul since I haven't told him who I am. What if he doesn't want the real me? Danny's a hunky metal head with soulful brown eyes. His sexy tiger tattoo makes me burn from the inside out. He's everything I want and need. I want to keep him. But, I can't tell him I love him until I confess my innocuous lie. I wouldn't believe it myself. Betting on Love... could be the riskiest gamble of all.

Girls with Sole Dec 22 2022 What makes a superhero "super"? Is it the power to endure? The will to stand up for what is right? Or is it the courage to conquer fear and the ability to overcome adversity? In the real world, superheroes exist and they are all around us. And much like the comic-book heroes we grew up with, real-world superheroes were once average people who faced adversity and conquered it. They discovered their power and became something more; they stood strong in their truth and became a "super" version of themselves. We all want to have that "superpower," the power to control our own destiny, to be independent, strong and to kick ass at accomplishing our goals and achieving our dreams. But many of us feel as if we could never attain it as if we had lost our power, our inner strength and our ability to control our own destiny. We feel as if a tragedy, an event or another person have robbed us of our abilities and left us hopeless, struggling to regain control and becoming the person we used to be. We watch other people grow into their super-selves and quietly whisper the words, "I wish...". Well, it's time to change that. By combining the powers of fitness and self-awareness activities, *Girls with Sole* will guide you through the process

of reinventing yourself and unleashing your inner superhero. It will provide you with the tools to becoming a badass, rock star, super version of yourself. *Girls with Sole* shows you how to further develop and unleash your gifts into the world and take real-world steps towards becoming the fit and fierce person you want to be. We don't need anyone to save us; we save ourselves! Capes optional.

Popular Culture and the Civic Imagination Apr 14 2022 How popular culture is engaged by activists to effect emancipatory political change One cannot change the world unless one can imagine what a better world might look like. Civic imagination is the capacity to conceptualize alternatives to current cultural, social, political, or economic conditions; it also requires the ability to see oneself as a civic agent capable of making change, as a participant in a larger democratic culture. *Popular Culture and the Civic Imagination* represents a call for greater clarity about what we're fighting for—not just what we're fighting against. Across more than thirty examples from social movements around the world, this casebook proposes “civic imagination” as a framework that can help us identify, support, and practice new kinds of communal participation. As the contributors demonstrate, young people, in particular, are turning to popular culture—from Beyoncé to Bollywood, from Smokey Bear to Hamilton, from comic

books to VR—for the vernacular through which they can express their discontent with current conditions. A young activist uses YouTube to speak back against J. K. Rowling in the voice of Cho Chang in order to challenge the superficial representation of Asian Americans in children's literature. Murals in Los Angeles are employed to construct a mythic imagination of Chicano identity. Twitter users have turned to #BlackGirlMagic to highlight the black radical imagination and construct new visions of female empowerment. In each instance, activists demonstrate what happens when the creative energies of fans are infused with deep political commitment, mobilizing new visions of what a better democracy might look like.

The Girls in the Office Apr 21 2020 A compilation of multiple case histories of single women of various ages who all work for the same company in New York City. He never reveals who the company is (after decades of thought and a little research, I think I figured it out), but that isn't important. What IS important is the lives of these women, how they feel about their lifestyle, how they feel about their work, how they feel about the company, and how they feel about each other! If you ever sensed that the faces we wear in public have little to do with who we really are and how we really feel, this book will solidify that feeling. All of the women are very unique, some you admire, some you pity, some you dislike. But all are fascinating. It's a flashback to the 1970's and the early stages of the women's liberation movement. It will leave you wondering where these women are today and what became of their lives.

Girl, Stop Passing Out in Your Makeup Jun 16 2022
“Self-help meets memoir. Party girl meets wise sage. Beauty meets reality. Zara Barrie is the cool older sister you wish you had. The one that lets you borrow her designer dresses and ripped up fishnets, buys you champagne (she loves you too much to let you drink beer), and colors your lips with bright pink lipstick. She'll take you to the coolest parties, and will stick by your side and she guides you through the glitter, pain, danger, laughter, and what it means to be a f*cked up girl in this f*cked up world (both of which are beautiful despite the darkness). Girl, Stop Passing Out in Your Makeup is for the girls that are too much of a beautiful contradiction to be contained. Zara is a gifted writer—one second she'll have you laughing over rich girls agonizing over which Birkin bag to buy, the next second she'll shatter your heart in one sentence about losing one's innocence. Zara is the nuanced girl she writes for—light, irreverent, snarky, bitchy, funny; and aching, perceptive, deep, flawed, wise, poised, honest—all at once. Perhaps the only thing that can match Zara's unparalleled wit and big sister advice is her candid humor and undeniable talent for the written word. Zara is one of the most prolific and entertaining honest voices on the internet—and her talent is only multiplied in book form. Girl, Stop Passing Out in Your Makeup is

for the bad girls, honey.”—Dayna Troisi, Executive Editor, GO Magazine “Reading Zara's writing will make you feel like you're at your cool-as-hell big sister's sleepover party. You will be transfixed by her unflinching honesty and words of wisdom, and she'll successfully convince you to not only ditch the shame you feel about the raw and messy parts of yourself, but to dare to see them as beautiful.”—Alexia LaFata, Editor, New York Magazine “If Cat Marnell and F. Scott Fitzgerald had a literary baby it would be Zara Barrie. She's got Marnell's casual, dark, downright hilarious tone of an irreverent party girl. But then she also has Fitzgerald's talent for making words literally feel like they sparkle on the page. I've always been a fan of Zara's writing but *Girl, Stop Passing Out in Your Makeup* takes it to the next level. With shimmery words that make her dark stories sparkle, she seamlessly manages to inspire even the most coked-out girl at the party to get her shit together.”—Candice Jalili, Senior Sex & Dating Writer, Elite Daily

Biopunk Dystopias Jul 25 2020 'Biopunk Dystopias' contends that we find ourselves at a historical nexus, defined by the rise of biology as the driving force of scientific progress, a strongly grown mainstream attention given to genetic engineering in the wake of the Human Genome Project (1990-2003), the changing sociological view of a liquid modern society, and shifting discourses on the posthuman, including a critical posthumanism that decenters the privileged subject of humanism. The book argues that this historical nexus produces a specific cultural formation in the form of "biopunk", a subgenre evolved from the cyberpunk of the 1980s. Biopunk makes use of current posthumanist conceptions in order to criticize contemporary reality as already dystopian, warning that a future will only get worse, and that society needs to reverse its path, or else destroy all life on this planet.

The Secrets and Lies of Yooper Girls Oct 08 2021

Wendy had wanted at some point in her father's story to reach out her hand and take his hand in hers. But, like a nervous teenage boy on his first date, her hand had only made it a few inches across the table. "I . . . well, I'm sure you know I drank," Paul confessed. "Dad, seriously, you don't owe me an explanation." She felt a bitter taste reside in her mouth and took a drink of her water. The water did nothing to dispel the bitterness she both tasted and felt. "Well, I just want you to know, little girl, I don't plan on drinking again. Eighteen years of sobriety is way too long to throw away." "I know, Dad," she said with little emotion and even less conviction. She sat back and crossed her arms, wishing she had some food to quell the uneasiness in her stomach. The waitress, as if on cue, set their meals down in front of them.

Green also provides concrete advice, based on the latest research, about how to get started, how to establish a support team, how to choose an activity, what kind of clothing and gear work best for the plus-size athlete, how to set goals, and how to improve one's relationship with food. And she stresses the importance of paying it forward—for it is only by seeing plus-size women in leadership roles that other plus-size women will be motivated to stop trying to lose weight and get fit instead. “Big Fit Girl impressed me tremendously. Love Like Hate Feb 18 2020 Linh Dinh is already one of the secret masters of short fiction. Love Like Hate is something like a traditional cross-cultural novel that's been shocked into life by Dinh's uncanny ability to tell us stories we didn't even know we wanted to hear. -- Ed Park, editor of The Believer In Love Like Hate, Linh Dinh weaves a dysfunctional family saga that doubles as a portrait of Vietnam in the last half century. Protagonists Kim Lan and Hoang Long marry in Saigon during the Vietnam War, uniting in a setting that allows Dinh's dark, deadpan humor to flourish. Describing his mushrooming cast of characters in unsentimental and sometimes absurd ways, Dinh embraces contradictions with the surreal exuberance of Matthew Sharpe and the stylistic élan of Italo Calvino.

When a

clusterf**k of screw ups found author Bella Zanesco burnt out, depressed and with a broken soul, she knew something - perhaps everything - had to change. But what? Her first ports of call were the usual Band-Aids: Tinder, work and shopping. But soon, she realised those weren't going to work. If she wanted to fix this thing, she was going to need to take extreme measures. And so she began the journey that would transform her from 'Sad Girl' to 'Smart Girl'; a journey that meant taking up all the things that she'd been told were good for her but she had always been too afraid, too 'busy', or too lazy to try. Cue everything from green juices to setting boundaries to quitting her job to culling her friends. Delivered with no-holds-barred honesty, humour and compassion, *Smart Girls Screw Up Too* brings together: the latest research into gut science, neuroscience and epigenetics; ancient tribal wisdom; interviews with global game changers; and insights from the author's own two-year study of over 2000 women. Paired with a Personal Life Audit, you will get immediate clarity about where to start when seeking purpose, vitality and love. And, together with Bella - the wise but ass-kicking bestie you wish you'd known earlier - you'll embark on a series of simple daily challenges that will not only get you to the root causes of why you think, feel and behave as you do, but see you making changes that stick. No matter what your starting point, you are capable of creating the life you want NOW.
