Op een koude novemberdag worden de doorgewinterde rechercheur Maud Mertens en de jonge Kyra Slagter weer samengebracht door een mysterieuze zaak. Twee jonge kinderen verdwijnen op bijna hetzelfde moment. Hoewel de politie met man en macht onderzoek doet, kan dat niet voorkomen dat er de volgende dagen meer kinderen ontvoerd worden. Er is geen enkele connectie tussen de verdwijningen: ze vinden overal in West-Nederland plaats, de kinderen zijn tussen de acht en twaalf jaar oud en er wordt geen losgeld geëist. Diverse Amber Alerts leveren niets op. Hoe meer kinderen verdwijnen, hoe groter de onrust in het land wordt. Voor Mertens vormen de verdwijningen een onwelkome herinnering aan een oude zaak waarin een jong meisje slachtoffer werd. Toch maakt dit juist dat ze verbeteren achter de ontvoerders aan gaat. Kyra weet wat het is als een familielid wordt weggerukt en je vol vragen achterblijft: ontvoerd, vermist, vermoord? De zaak spoort haar nog meer aan haar eigen vermiste zus te vinden: vier jaar geleden verdween Sarina, zonder spoor of bericht. Tot Kyra ineens een briefkaart van Sarina ontvangt. time management, critical thinking, and problem solving, with tips to help you tackle any nursing test — from a routine quiz to the NCLEX® examination. You'll learn how to confidently evaluate and identify the correct answer for a variety of test question types, including alternate item formats, with chapters on the nursing process, prioritization methods, and safety strategies. The book and companion CD offer 500 practice questions to help you practice the skills you are learning and gain realistic test-taking experience. Coverage of detailed critical thinking methods offer valuable clues to help you analyze and uncover the correct answer option for all question types, including multiple-choice, true-or-false, and alternate item-format questions. Chapters on specific question content, such as prioritization, pharmacology, management, and delegation, provide numerous examples to prepare you for higher cognitive level questions. A fun, two-color design features cartoons and bold designs to help visual learners become better overall test-takers. Linda Silvestri's hallmark Pyramid Points in the margins highlight the most important concepts you need to learn for exam success. A companion CD includes 500 practice questions that allow you to apply the strategies learned from the text in a realistic electronic testing environment. Refocused content emphasizes comprehensive test preparation to help you develop, refine, and apply the reasoning skills you need to succeed throughout nursing school and on the NCLEX® examination. A new chapter on reducing test anxiety offers simple strategies you can use to control test-induced stress and gain the confidence you need to pass exams. A new chapter on developing a structured study plan provides helpful tips for improving time management for more efficient exam preparation. This truly unique, bestselling review and preparation resource offers the perfect combination of core content review, practice questions with comprehensive rationales, and detailed test-taking strategies and tips. Throughout the book, you'll find Linda Silvestri's hallmark Pyramid to Success learning features, which highlight key information, and more than 1,000 high-quality review questions that mirror the latest NCLEX-PN® test plan. The companion CD contains all of the questions from the book, plus over 2,600 additional practice questions in a flexible electronic format that allows you to customize your study experience and focus on those areas you need to review the most. Twelve pharmacology chapters, a medication and intravenous calculation chapter, and a pediatric medication administration chapter prepare you for the increase in pharmacology questions on the exam. 3,700 practice questions in the text and companion CD provide ample testing practice in both print and electronic format. Covers all types of alternate item format questions, including prioritizing, decision-making, and critical thinking to help you prepare for this crucial component of the exam. UNIQUE! The companion CD offers 3,700 practice questions that you can answer in both a study mode and an exam mode, as well as the option to answer only alternate item format questions or focus on questions in a specific area of nursing content, client needs, nursing process, or cognitive level. UNIQUE! Linda Silvestri's hallmark test-taking strategies for each question offer important clues for analyzing and uncovering the correct answer option. UNIQUE! Page references to Mosby or Saunders textbooks provide specific resources for further study and self-remediation. Each question is categorized by cognitive level, client needs area, integrated process, and clinical content area to allow you to focus on your area of weakness. Pyramid Terms at the beginning of each chapter give you a quick preview of key content. Pyramid Points throughout the content outlines highlight content that typically appears on the exam. Pyramid to Success sections at the beginning of each chapter or major unit of the book provide an overview of the chapter, guidance and direction regarding the focus of review in each content area, and its relative importance to the most recent NCLEX-PN® test plan. A comprehensive exam in the text features 85 questions related to all content areas and parallels the percentages identified in the NCLEX-PN® test plan. Completely updated content reflects the April 2008 NCLEX-PN® test plan, so you can be sure you're using the most current information to prepare for the exam. A user-friendly, 2-color design helps you focus your studying on the most important information. Additional illustrations visually demonstrate key concepts to help improve your retention and recall for the exam. Audio questions on heart and lung sounds familiarize you with this anticipated new type of alternate item format question. Using an engaging, interactive, 1-2-3 approach, this text helps you develop problem-solving skills that will be useful throughout your nursing career. Active participation and application of critical thinking are utilized through questions, quizzes, and self-assessments to provide you with practical and efficient aids to learning. You will also discover learning strategies, tips on taking the NCLEX-PN®, guidance on the job search, and an in-depth discussion of supervision, delegation, assignment of tasks, and the distinctions among them.
