Sebastian was turned into a vampire on his eighteenth birthday by his mother, whom he thought had died ten years earlier. He struggled for meaning as a vampire and at first, he learned compassion and how to control the savage instincts inside him from his mother. And so, he lived amongst humans without spilling human blood. Two hundred years later, his mother is killed and he blamed humans. Sebastian became lost to rage and bitterness, embracing his darker and more brutal nature. After a year of vicious killings of humans to exact vengeance, he comes upon the young child of a woman he had just killed. Sebastian's bloodlust came to a sudden and unexpected halt as he stands over this child. He can't bring himself to hurt the girl, he knew then he had found the seed of his ultimate salvation. He named her Hanna after his own mother, found her a family to raise her and provided for her anonymously, while he went far away to fight his demons. However, as years went by, thoughts of Hanna consumed him. He returned seventeen years later to see how she fared but her beauty struck him. He planned an "accidental" meeting, which does not go well. Sebastian planned to leave her to her life as he believed himself unworthy of her love but before he leaves Hanna once again, he learned that vampires and wolves were after her. Now it is up to him to secretly guard Hanna's life. Danielle doesn't expect to see him after their one-night stand. She definitely doesn't expect him to be her new professor. Danielle Darrow is having a rough summer. Her father - a top researcher for the NDS - has been kidnapped, she's still not over her boyfriend, and she's starting her senior year at Somerset University. She needs a break. She needs release. When her friends take her to an underground vampire club, she gets swept up in the most beautiful pair of crystal blue eyes she has ever seen. He takes her to his place and she gets the best sex of her life. It's too bad she has to rush off to class the next morning. She would have loved to indulge in round three. But that's what one-night stands are all about. Heck, she never even caught his name. Except, she doesn't need it. Not when she walks into her Brit Lit class and her new professor also happens to be her one-night stand. Oh, and that ex-boyfriend is in her class as well. Professor Eriksson - Alek keeps her after class to tell her no more, but neither can resist forbidden temptation. Now, Danielle must at least figure out who has her father and why, avoid her ex-boyfriend who seems to be everywhere she is for some reason, and decipher what, exactly, she feels for her brooding professor. A Vampire's Eyes is a fiction novel in the horror/paranormal genre that tells of a beautiful vampire princess and a young, handsome vampire hunter from Las Vegas, Nevada, and the tumultuous romance in which they find themselves. Natural enemies, the young couple are drawn to each other in spite of the hatred of the humans towards vampires. The Las Vegas Vampire Hunters Association is dedicated to the eradication of the vampire element on the

streets of the city, and an on-going war is waged throughout the surrounding deserts. Can the two young lovers be together? Can a vampire princess ever have the love of the young hunter for her very own? Will the Hunters accept young Trip's falling in love with a vampire? This collection of original essays presents pedagogical tools, methods, and approaches for incorporating the figure of the vampire into the learning environment of the college classroom, in the hopes of ushering the Undead out of the coffin and into the classroom. The essays foster interdisciplinary collaboration and dialogue, and serve as a collective resource for those currently teaching the vampire as well as newcomers to vampire studies. Opening with a foreword by Sam George, the collection is organized around such topics as historicizing the vampire, teaching the diverse vampire, and engaging the student learner. Interwoven throughout the volume are strategies for incorporating writing instruction and generating conversations about texts ("texts" defined broadly so as to include film and other media). The vampire allows instructors to explore timeless themes such as life and death, love and passion, immortality, and monstrosity and Otherness. Draven knew that meeting Darcy would change his life! He fell desperately in love with her. The introduction of a mortal into the Toreador Clan, and more importantly into the Arikeland family, was going to spell big trouble. His father Acheron strongly disapproved but his sister Imperia and brother Drakkar posed a more dangerous situation. While dealing with family issues, Draven encountered treachery and deceit among those he trusted! First, his uncle Thorne, who tainted his vampiric blood with heroin, became weak and subject to manipulation by the local mafia figure, Don Chessia. He attempted to take over the Arikeland family Corporation and insinuate himself in the casino complex that it was constructing out in the Boston Harbor islands. In addition, his wife Darcy, the only woman he loved, violated the sanctity of their marriage and engaged in an affair with a neighbor. Tied up in all this was Draven's blood donor of 20 years, Elliot Jackson, who just happened to be the current mayor for the city of Boston, who betrayed his benefactor. As the story unfolds it is replete with complicated twists and turns and an unexpected ending. The next steamy instalment in the Moretti Blood Brothers is coming 29 July 2023! This book is about a woman who had come to America from Kashmir India. She had no knowledge about American culture or American Justice System. She was married in India and her husband brought her to America. In America her husband started abusing her. Being culturally abound, she kept taking abuse on daily basis and kept lying about her bruises and cuts to those who were asking her questions about her injuries. Abuse got worst to the extent that one day her husband tried to kill her. She gained her consciousness after couple of hours when her husband decided to dump her body in the park. Somehow in the morning she managed to escape with her two children. She went to a woman's shelter where she lived for six months. In the shelter they insisted that she had to go to the court to get restraining order for her safety. In that process, her children were taken by the court and were given to that abusive man from whom they had a narrow escape. She was forced to pay child support when she had not taken even a one cent from her home or from her husband after she left. Her two children were given to their father because she was going to school. Judge punished her and her two children for trying to establish their life. Her Children suffered the most because of the Justice System. I wrote this book for two reasons One reason is to tell my children especially my son that I am very sorry for taking my case to American Justice System because his father has kept him in fear. Even my son is adult now but his father is still treating my son like he was treating me and my son is kept in a lot of fear, stress and extreme tension. His father didn't let him complete his education. If he had encouraged my son to complete his education, then he wouldn't be able to control my son's life. That is tearing my heart every day. And second reason is that I want to help a Battered Woman and their children by telling them my story. I was a very private person but that didn't help me. Every battered woman of this country should know that when a man hit his wife is not love. It is a danger sign figure out on time about safety zones for self and for children. My story will guide them to be strong enough to help their children. I pushed a dusty chest that was in the 'unfinished basement' of the house my mom and I just moved in. To my surprise a drawing was underneath. It was a circle with three triangles inside. Each triangle had an angel holding a cross. The weirdest thing of all was the fact that the red drawing smelled like fresh blood. I didn't think twice and I erased it with a broom until it was nothing left to see. Little did I know that a vampire named Nathan Jones was trapped

underneath the drawing and thanks to me he was free to kill again! What can you do when your past doesn't just show up when you don't want it to, but it seems out to bring you down once and for all... Sean It's only been a few weeks since Jules moved into my place. Everything seemed to be going well until he freaked out as we were leaving a gay club. Someone is after him. Jules Just as I thought that I may have escaped my problems, the vampire hunter who nearly killed me seven years ago shows up at the club I'm at with Sean. Now I'm in a scramble to protect not just myself but also Sean, because I can't let him get harmed. When my old housemate shows up at the college after classes, all hell breaks loose and I realise there is so much more at stake than I knew before... This is the second short novel about vampire Jules and human Sean in The Vampire's Past series. It takes place in a world with all sorts of creatures, vampires, werewolves, mages and, of course, humans, but there are also hunters, trying to rid the world of the un-humans. Leisure is a less coerced-upon, mandatory human conduct than work; certainly leisurely conduct is more voluntary, expressive and creative. But when seen as human behaviour, leisure and entertainment cannot be separated from history, heritage, ethnicity, the community, family and kin, rituals and customs - thus a collective activity and its constraints on the person. This book examines a variety of genre of Chinese entertainment, from singing clubs, Cantonese opera and film, to Chinese rock and tourism. Though formally voluntary, Chinese entertainment, when entangled with ethnicity, heritage and history, is ironically a site of both enjoyment and struggle, both pleasure and suffering. This book was originally published as a special issue of Visual Anthropology. Looking forward to her senior trip to Cozumel, Leigh spent a whole day shopping for the perfect outfit and found herself exhausted that evening. She launches into a dream that reoccurs differently and proves to be a forecast of her future. The dream takes on various characteristics depending on what she already knows and, of course, on things to come. Leigh meets and falls in love with Aidan who eventually reveals that he is a vampire, but what a charming vampire he is. Not only are they from different walks of life, but from different parts of the country as well. Find out what trials await the couple and how they confront the adversities. Book three in a five novel series with found family tropes in a completed set. I just want to go home. Charles has me here against my will and has become a completely different person. One that I am struggling to resist even as I fight to get back to my Devon. The attraction between us is magnetic but I am determined to make him take me back to Devon. My sister wants me dead. I don't know what makes her want me dead more, that I bound her powers or that I am here with Charles. Whatever the reason, Charles' house is a lot less safe for me with her here. She pops out everywhere, constantly attacking me. Something has to give... Charles has to take me home or my friends are going to show up and drop this entire house in a shiny new sinkhole created by Memré. The only thing holding them back is me, but I don't know how long that will last before they risk exposing us all to the regular world. Worse, I don't know how long I can keep my sister from succeeding in her plan to kill me. This series is finished, all five books are available now to purchase as a set Blackmailed by her father into marrying a ruthless vampire mob boss, Yesenia Vale somehow

makes it down the aisle to the male who only wants to use her as a broodmare. After all, she's a fae witch without magic, an outcast, and marrying the bastard is the only way to ensure her brother and sister remain safe from his clutches. However, as soon as the groom slides his ring on her finger, she wishes she could be anywhere else, to have a future of her choosing. In the next moment, the world blacks out. And when she wakes up, she's no longer in twenty-first century Boston but rather in late-nineteenth-century London, blooding a vampire she's never seen before. Leopold Yates is one of the three Dark Lords of London, ruling over the vampires in the city and doing his best to keep his alliance with the fae witches and shifters to avoid a repeat of their bloody past. Part of how he does it is by remaining in his stronger frozen state, never wanting to find his fated bride. But when a mysterious, half-dressed fae witch shows up in his gaming hell, unconscious, he goes to help her, but touching her skin instantly makes his heart beat again. Even if he hates her for making him weak, he needs to keep her close until he claims her with his fangs and cock. If not, he'll eventually lose his mind and go mad. Both have something the other needs, and so they strike a bargain. Leo will help Yesenia find a way to contact her family in the future, and she will let him claim her once to stave off madness. But what starts as a business deal ends up morphing into something more. Will they find a way to be together in the past? Or will Leo have to let Yesenia go back to the future to protect her family and lose her forever? Note: This is a spicy/steamy time-travel romance complete with a grumpy vampire leader, an outcast fae witch with a secret, plenty of spice, and a clash of past versus future views. This story is most definitely not fade to black (ahem, you'll learn what touching a fae witch's pointed ears will do...). Get ready to laugh, fan yourself, and shout at your phone/Kindle!
